### ★★★★★ **No Regrets -> A Must Buy!**

The No Regrets cd is a must have for any music lover! Celtae are the best celtic band I've ever heard. They are some of the most talented people to come out of Canada. If you enjoy Celtic music and all the sounds of the Canadian east coast I strongly suggest that you take a listen to this amazing band.

### ★★★★★ **Best Celtic Album EVER!**

Celtae's Album, "No Regrets" has something for everyone! I have two copies, one for my house, and one for my car! I am also going to buy several copies for my friends as Christmas presents! Celtae is the most talented group of individuals, and if you lucky enough to see them live...DO IT!! You may not remember it the next morning...but you'll know you had a great time! LOL
